AN ISO 9001: 2005 Certified Company

RO Water Purifier

## About Us

**OXYTECH** presents an exclusive and unmatched range of world class RO purifiers. with an aim to create People healthier we provide highly advanced products to purify the water we drink. Armed with the most advanced features of revers osmosis ultra - violet purification, ultra filtration and TDS controller, these purifiers use he best of membranes and filters to give you an absolutely safe and pure drinking water.

**OXYTECH** comes with a ALKALINE TECHNOLOGY to give you an absolutely minerals and ph levels. It has involved providing technologically advanced water purification products ranging from water Purifiers, Industrial/ Commercial Plants, Softeners, Spares.

**OXYTECH** is AN ISO 9001: 20015 certified and has been at the forefront of innovation.

## India's 1st 12-Stage ALKALINE RO with UV & UF to Improve Taste of Water

### Common Feature

- Pre Filter
- Inline Carbon
- Inline Sediment
- Membrane
- UF
- Decrease ORP
- Increase PH
- Add Essential Minerals
- Remove Organic Impurities
- UV Remove Bacteria & Virus
- Improve Taste of Water

### Why should you drink OXYTECH alkaline water only?

- An alkaline environment nurtures healthy blood cells and increases overall immunity.
  - It easily penetrates your body at a cellular level, thus hydrates the body better.
- OXYTECH** alkaline water restores alkalinity and flushes acidic tonix out from the body.
- It has high oxygen levels and delivers nutrients to your body cells more efficiently, keeping you more energized throughout the day.
  - If prevents diseases such as Arthritis, Cancer, Hypertension, Diabetes, Digestive Problems, Weight Problems, Osteoporosis, Asthma, Allergies, Skin Disorders and Acid reflux.

Add Minerals  
Ph Enchanter

Reduce Orp  
Decrease NMR

OXYPRIMO

### OXYPRIMO

- Multi purification by RO+UV+UV+UF+TDS adjuster
- 19 Stage filtration
- 1Fully automatic operation with auto - start and auto - off
- 1Smart control system
- 1Taste controller to ensure pleasant flavor of water as preferred by the user
- 1Push-fit components for leak - proof performance
- 1Equally suitable for water from all sources such as bore-wells, overhead storage tanks, even municipal taps
- 1Flow rate 12 - 15 ltrs. / hr
- 1Storage tank - 15 ltrs.
- 1Upper TDS limit - 2000 ppm

### OXYSWIFT

- Multi purification by RO+UV+UV+UF+TDS adjuster
- 9 Stage filtration
- Fully automatic operation with auto - start and auto - off
- Smart control system
- Taste controller to ensure pleasant flavor of water as preferred by the user
- Push-fit components for leak - proof performance
- Equally suitable for water from all sources such as bore-wells, overhead storage tanks, even municipal taps
- Flow Rate 12 - 15 ltrs. / hr
- Storage Tank - 15 ltrs.
- Upper TDS Limit - 2000 ppm

### OXYEPIC

- Multi purification by RO+UV+UV+UF+TDS adjuster
- 12 Stage Filtration
- Fully automatic operation with auto - start and auto - off
- Smart control system
- Taste controller to ensure pleasant flavor of water as preferred by the user
- Push-fit components for leak - proof performance
- Equally suitable for water from all sources such as bore-wells, overhead storage tanks, even municipal taps
- Flow Rate 12 - 15 ltrs. / hr
- Storage Tank - 15 ltrs.
- Upper TDS Limit - 2000 ppm

### OXYAUDI

- Multi purification by RO+UV+UV+UF+TDS adjuster
- 9 Stage Filtration
- Fully automatic operation with auto - start and auto - off
- Smart control system
- Taste controller to ensure pleasant flavor of water as preferred by the user
- Push-fit components for leak - proof performance
- Equally suitable for water from all sources such as bore-wells, overhead storage tanks, even municipal taps
- Flow Rate 12 - 15 ltrs. / hr
- Storage Tank - 13 ltrs.
- Upper TDS Limit - 2000 ppm

### OXYAPPLE

- Multi purification by RO+UV+UV+UF+TDS adjuster
- 9 Stage Filtration
- Fully automatic operation with auto - start and auto - off
- Smart control system
- Taste controller to ensure pleasant flavor of water as preferred by the user
- Push-fit components for leak - proof performance
- Equally suitable for water from all sources such as bore-wells, overhead storage tanks, even municipal taps
- Flow rate 12 - 15 ltrs. / hr
- Storage tank - 12 ltrs.
- Upper TDS limit - 2000 ppm

UNIQUE RANGE OF RO WATER PURIFIER

Built in SMPS that supports wide range of input voltage for handling voltage fluctuations.

Low maintenance cost needs a change of filters depending on usage.

Push fit components for leakproof performance.

Fully automatic operation with auto-start and auto-off.

Equally suitable for water sources such as bore-wells, overhead storage tanks.

Usage of power Very less power consumption.

UNIQUE RANGE OF RO WATER PURIFIER
